

INVITATION TO GIVE!!!

It will take the generosity of the entire congregation and Mother's Day Out program to make this project happen!

Please consider giving to St. Christopher, as you are able, so that the beautification of our campus can be completed. The goal is to raise \$50,000 by June 1st.

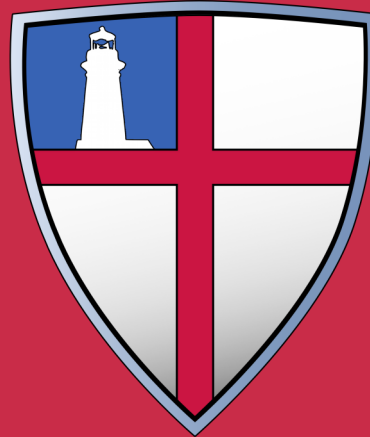

You may give by writing a check to St. Christopher with "playground" in the memo, or by going online to www.stchrischurch.org/giving.

Checks may be dropped off in the church office, in the offering plate on Sunday morning, or mailed to the church.

St. Christopher Episcopal Church New Playground Project

For several decades, the St. Christopher playground has lived behind the Welcome Center, Nursery, and Education Wing, hidden from most of the congregation and the entire League City community, with limited access and visibility. Looking from 518 and 270, one driving by would never know we have a playground and that we have a thriving Mother's Day Out program and commitment to children's ministry at St. Christopher. We have been given the opportunity to change this perception!

GENEROUS GIFT!!!

Late last year, an anonymous family of St. Christopher came forward with a donation to help fund a new St. Christopher playground. For every \$1 the congregation gives to the playground project, the anonymous donors will give \$2 to the project, with a maximum of \$100,000. The goal of the vestry is to raise \$50,000 from the congregation.

The cost of the new playground project is \$80,000. If the congregation gives \$50,000, combined with the anonymous gift, this will give St. Christopher \$150,000 to install the new playground AND revitalize the old playground location with much needed flood mitigation, beautification, and access to the south courtyard between the Welcome Center and Classroom 1.

NEW LOCATION!!!

In order to "advertise" to our community that we value children and children's ministries, we will relocate the playground to the northeast corner of our campus, next to the main parking lot and facing 518. The completion of the new playground is expected to be late summer/early fall, in time for the new school year.

LOCATION OF THE NEW PLAYGROUND
